## Glades Boys On Junior College Team

The following Glades area players will be heavily counted on when Indian River Junior College opens its tourney 33 game schedule February 25 against the University of Miami freshmen.

JOHN EVANS, a former M.V.P. winner at Belle Glade High School; but a solid 302 pounder, is one of the 33 players.

Each student is an individual and case and requirements may vary from student to student. This program is set up so that adult students may take a comprehensive test which can entitle them to high school credits on the basis of knowledge gained since they left school.

This test can, in some cases, cut a student's course work to two classes in which he must earn credit to obtain the degree.

The program is very flexible, allowing students to work at their own speed. For instance, men who must work night work, and resume at the point they left the class when the shift again changes.

Because of the flexible program each student is individually counseled and a program worked up to meet his needs. This counseling is available every Monday, Tuesday and Thursday nights at the High School.

Registration fee, per course, is \$3. In addition each student is required to purchase the books for the course. This cost is minimized by the exclusive use of inexpensive paper bound text.

Adults, unable to finish their high school education in their teens, are going back to school. Belle Glade High School, in section from early morning through the night classes of the adult program.

Peltier Morris, principal of Belle Glade High School, explained the program in general, stressing that each student who is interested would have to be counseled individually.

He said:

SOME students beginning now could earn their diploma by June.

## Union Organizers Attempt Boycott

The activities of the United Farm Workers Organizing Committee have turned from striking to protest against Royals Incorporated.

Irving Dawkins, head of the UFWOC, was one of the picketers who they wanted a rent reduction of \$2, not repairs.

The rent for Royals owned housing is in line with other South West section rentals, Royal said, and Royals Inc., was picked because of the strategic location of its rental store and the economic lever the UFWOC feels it has through the store.

Most gratifying, Royal's said, has been the reaction of the tenants themselves who have not only crossed the store picket lines but several of whom have called and said the UFWOC did not speak for the tenants in their complaints.

Culley Collins, action President of the Glades Property Management Association, Inc., commented that the Royals had, throughout the years, contributed greatly to building the community, giving freely to many community organizations, both Negro and white.

Charles Royal presented the situation to the Property Association at their regular meeting Tuesday night.

"These people (UFWOC) are making demands of people who helped build the community while they are offering nothing to the community and have no interest in the community," Collins said.

## Australian Sugar Cane Cutter Demonstrated Successfully Here

A Toft Australian sugarcane cutter has been working in the Glades area since late December and has been demonstrated to many of the sugarcane producers in the area.

Mr. Harold E. Toft, Director of Toft Bros. Pty Ltd. has been in Belle Glade since Jan. 26 and has adapted the machine to cut Florida sugarcane.

The special machine is constructed for the Brazilian area of Australia where they have long cane which falls down due to the excessive weight.

The most drastic difference in Australian cane in that area and Florida plant cane is that Australian cane is firmly rooted, is grown on a slight ridge and does not spread at the stool. The operation on Friday and Saturday has been termed very successful.

The machine was brought to Florida in field tests before being shipped to Great Abaco Island in the Bahamas where it will be used in harvesting the sugarcane plantings of the Owens-Illinois Corporation.

McKay is a graduate of the University of Florida and President of the Glades Alumni Association. He is also Vice President of the Belle Glade Elementary School P. T. A., a Mason and a Rotarian.

Plans for the pageant to be held in April is still in its formative stages, McKay said.

Other Pageant appointments are: First Vice Chairman, Ray Austin and Second Vice Chairman Douglas Lockhart.

One hour live TV coverage in color is now being negotiated, McKay said. Chom New York 5 handled the coverage last year.

The pageant will take place in two sections with Rev. Richard Y. Roseman in charge of the talent production and Bob Fincannon, handling the Pageant.

One judge, David Byars, state president of the Jaycees, from Plant City, has been named.

Although applications are not available, McKay said it is not too early for the girls to obtain their sponsors.

The contest is open to girls in the tenth through twelfth grades.

## McKay Named Harvest Queen Chairman

Doug Jones, president of the Belle Glade Jaycees announced the appointment of Milton E. McKay as the general chairman of the 1967 Harvest Queen Pageant.

McKay is associated with Johnson and McKay Attorneys with offices in Belle Glade and Pahokee. He is the 1964-65 past president of the Belle Glade Jaycees and is presently District 16 Parliamentarian.

credit services the Federal Intermediate Credit Bank of Columbia sponsored a two-day institute in Advanced Management which was held in Jacksonville, on Tuesday and Wednesday of last week.

"Production Credit Associations in North Carolina, South Carolina, Georgia and Florida, furnish over 48,000 farmers, growers and ranchers with over \$165 million in short and intermediate-term credit," Mr. Long continued.

This was the fifth institute emphasizing training in modern credit management, and it was attended by all officials of the Farmers PCA, Mr. Long pointed out.

Institute instructors included Gus W. Campbell, Management Consultant of New York and officers of the Credit Bank.

Credit management topics discussed included modern business practices, directors' and general managers' responsibilities in credit administration, how directors develop good managers, and other topics.

Mr. Long said the farmer-owned and operated Farmers Production Credit Association has 565 farmer-members and last year extended \$17,738,544.00 for operating credit and for capital purposes to farmers of the area.

The Farmers Association, of which Mr. Long is general manager, makes short and intermediate-term loans to farmers in Dade, Broward, Palm Beach, Okeechobee, St. Lucie, Indian River, Collier, Martin and Monroe counties with the principal office in Miami and branch offices located in Immokalee, Okeechobee, Belle Glade and Vero Beach.

### Motorcycle Races Slated Sunday

The Glades Cycle Ass'n Inc., is sponsoring its first motorcycle race of the year. The race will be held on the newly built track behind the Paradise Club on State Road 80 between Belle Glade and South Bay this Sunday.

The track has one small jump with muck and grass straight. The track twists and turns around the small canals in the area. Top riders from all over Florida will be in Belle Glade to vie for the \$100 worth of trophies to be given away. Some of the local riders competing will be Doyle Haulcomb, Clewiston; Don Shortnace, South Bay; Tony Sullivan, Pahokee; and Dean Dyess, Belle Glade.

There will be four classes starting with the 125cc size cycle. The other three classes to be run are 101-200, 200-300, 301 and open classes. There will be three races run in each class with points for the first through the fifth place given in each race. The rider with the most points at the end of the day is the winner. This gives the riders plenty of riding!

be a professional player and has the physical qualifications to make it.

At present, Latour is starting for the Pioneer basketball team where his aggressive play, driving, and ball handling have aided the Pioneers.

ARMANDO MORRELL, the former Clewiston stand-out and close friend of Latour is expected to be in the starting line-up. "Mandy" has for good power for his size and can do a fine job in the infield as well as the outfield. Will probably open at second base. Morrell has an excellent knowledge of the game and is an intense competitor. While competing at Clewiston, Morrell earned all-conference honors three years.

Serving as manager of the baseball team is Scotty Markham, a former Belle Glade athlete.

## Annual Heart Ball Best Ever

Approximately 250 persons who were awarded a pastel pink stole, were seated at the Annual Heart Ball Saturday night at the Armory. The proceeds from the ball totaled \$2,500 and will go to the Palm Beach County Heart Association.

The armory was beautifully decorated with some 1,000 colorful balloons suspended from the ceiling. Large red streamers were also used.

The Play-Boy at Heart theme was further carried out with favors of ashtrays, napkins, placecards and etc., from the famous club in Chicago.

Chairman of the Ball, Mrs. Eugene Pawley said everybody stayed until the end, 1:30 a. m. The lucky ticket number 1130 was held by George Corrigan of West Palm Beach.

## Xi Beta Gamma Members Attend Area Luncheon

The Area Luncheon of Beta Sigma Phi was held at the Outright Restaurant recently at Jensen Beach. The group included by invitation ranged from Fort Pierce south through Ft. Lauderdale, and numbered around two hundred fifty sorority representatives.

A Fashion Show was presented during the luncheon and a sorority workshop was held following the dining hour. The very excellent speaker was Mrs. Janet Hutchinson, Director of Martin County Museums and she spoke on The Role of American Women in the Home and Professional World. Interesting discussions were heard concerning socials, the rushing programs, and the cultural programs.

This workshop session was directed by Barbara Torow of Stuart. Local Xi Beta Gamma members who attended were: Mrs. Thomas P. Baker, Mrs. Wm. Burke, Mrs. Chas. Burkett, Mrs. Howard Hall, and Mrs. J. E. Jones.

Charles Dale Betts will be one year old Feb. 13. He will celebrate his first birthday at a party given by his parents, Mr. and Mrs. Wayne Betts, on Feb. 12. His grandparents are Mr. and Mrs. F. A. Betts, S. W. 2nd St. His father owns and operates his business, Betts Sheet Metal Works on N. W. 13th St.

MR. AND MRS. RALPH MAROTTA

## Married In Catholic Rites

Miss Anna Sue Funderburke of Pahokee became the bride of Ralph Marotta, Jr., of Belle Glade at St. Philip Benedict Catholic Church, Belle Glade, Wednesday, Jan. 25, in a candlelight ceremony.

The Rt. Rev. Magr. Jose M. Jauris officiated at the 7:30 P. M. rites.

The bride is the daughter of Mr. and Mrs. Augustus Eugene Funderburke of 239 Bayan Ave., Pahokee. She is a graduate of Pahokee High School and is employed by Sugarcane Growers Cooperative, Belle Glade.

The bride-groom is the son of Mr. and Mrs. Ralph Marotta Sr., 145 N. E. 3rd St., Belle Glade. He is employed by Southern Bell Telephone Co., in Belle Glade.

Escorted to the altar by her father, the bride wore a white A-line satin gown with a lace overlay at the waist and a scalloped neckline bordered in seed pearls. The long sleeves of lace were pointed over the wrists and a small circular train was attached to the shoulder points.

Her shoulder-length veil of French illusion fell from a tiara touched with seed pearls. Mrs. Gail Davis was matron of honor, the bride's only attendant. Her full-length gown of yellow chiffon was of the empire princess style and the neckline was bordered with embroidered daisies. Her nose-tip veil was attached to the matching pillow headpiece.

Kenneth Davis was best man. Richard Funderburk, brother of the bride, and Mike Marotta, brother of the bridegroom, served as ushers.

Following a brief wedding trip, the couple now resides on N. W. 13th St., in Belle Glade.

On the day of the wedding, the parents of the bridegroom, Mr. and Mrs. Ralph Marotta Sr., celebrated their 25th wedding anniversary.

## Thought of the Week

All despotism is bad; but the worst is that which works the machinery of freedom. —Junius

## Good for Whom!

Organized labor, once a respected part of the American scene has come to the Glades champion-

## Russians Are Learning

Those who hail profit as intrinsically evil and feel that we would be a much happier nation if the profit motive could just be eliminated from human nature will find little consolation in late news reports from Soviet Russia. To put it bluntly, Russia is converting its industry to the capitalist profit system — apparently as rapidly as the change can be made. So far 673 companies — representing 12 per cent of Russia's total production — have already made the change-over.

In the operation of these companies, market forces determine production, prices and profits. The result is a marked production increase. In the words of Newsweek magazine, "Total conversion of industry is scheduled for the end of 1968." Perhaps it might be a good idea after all to import some Russian professors into the American educational system which for years has been failing to teach our young people that the capitalist habit of working for a profit is inseparable from material abundance and personal liberty.

## Letter To The Editor

## In Search Of A Cause

Dear Editor:

I have lived in the Glades for many years during which time I have been more or less active in the religious and economic life of the community. I and my family have lived in the Glades for many years and we are happy to call our home.

Because our labor population is part and parcel of our community, I have been interested in its welfare and hope that I have had some influence on the relationships which have existed between the different ethnic and religious groups, which, in my opinion, has been very good.

I have followed our cultural development and have seen the growth of Protestant, Catholic, Jewish, Negro, Latin, and southern white social groups as they developed in such a way that each took pride in its own development yet maintained respect for the other groups.

I have seen the radicals of each of these groups in action, but at no time have I lost faith in the conservative elements of all the groups to maintain an acceptable measure of harmony.

We have been exceedingly fortunate during the past few weeks when outsiders have attempted to cause trouble in our community. The press must be commended for refusing to aid these professional agitators by dramatizing their efforts for the sake of sensational news. (I realize that "outside press" representatives have manufactured stories but none of these writers have been known to spend more than one night here.)

What has been the cause and the result of this outside agitation?

The answer to the first part of that question is in the words of one of the men who came here to cause trouble when he said, "I am a professional labor agitator."

From publicity such as The Harvest of Shame and other fictional news releases carrying a Belle Glade headline, these agitators felt that they had a fruitful field in which to exercise their ability to agitate and cause trouble.

What did these people find when they came to town? In the south west section, where they expected to find slum conditions existing throughout, they looked street after street of nice homes occupied by happy families. They found many four unit apartment houses in which they would be happy to live but owned by

ing the cause of the migrant worker.

Certainly we agree in principle that the migrants plight is not ideal, but we also feel that their cause can do nothing but suffer under the guidance of so-called union organizers and agitators.

There are many responsible tax paying citizens of the Glades both white and negro who have been working on this same problem for years. Their continued progress was accomplished without the use of threats and intimidations.

We do not respect nor do we choose to recognize those who do not back up their charges with facts, nor present them through official and legal channels or agencies.

To the migrants may we say that "Talk is cheap," and these men so hard at work on your behalf do not want your wages nor do they supply your housing, and should things go against you they will be far away trying to agitate their way into another community.

According to a forecast made by the Edison Electric Institute, by 1970, the nation's investor-owned electric utility companies expect to almost double their power-producing capabilities of 1960.

These agitators probably do not realize the high regard which our Negro community holds for George Royal, the man whom they are attacking and that a large part of his time and effort has gone to improving the living conditions of our Negro population, that he has worked side by side, not with a paternalistic attitude toward, our Negro community.

That these agitators may be permitted to continue their conduct is often difficult to understand. Perhaps their most effective opposition is the common sense of the people whom they are trying to stir up. To oppose them with force may cause an emotional sympathy for them by people who otherwise may come to understand them for what they are.

They are emotionally disturbed people, sometimes very intelligent but without the capacity to understand the feelings of others and have an uncontrolled drive to dominate.

They are capable, with a straight face, of saying "let us sit down and reason together." Yet they are incapable of "sharing one another's burdens." They fancy themselves as being oppressed by others and are unable to recognize that most of the oppression comes from within their own personality structure.

Human nature, being what it is, may yield to them in a sufficient number of people to produce overt mob action in Belle Glade but we are fortunate because our law enforcement agencies know how to deal understandingly with the mob behavior.

I, for one, have confidence in the kind of community leadership which has resisted with the understanding the tremendous pressures which now are operating against law and order.

A Citizen

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

## DAY OF RECKONING

President John has now submitted a budget for the fiscal year ending June 30, 1968, showing an estimated budget deficit of \$8.1 billion. He also estimates his budget results for this year, ending June 30, 1967, showing an estimated deficit of \$9.7 billion.

The national debt is bumping against the present debt ceiling of \$330 billion. It is only a matter of time until the ceiling is raised again — to probably \$335 billion.

Actually, the so-called "debt ceiling" is a farce. It has been raised in time and again during the last several years. It will soon be raised again; and soon thereafter raised another time. It will always be raised when the debt is pushing against it.

Many years ago, Lenin predicted that they (the communists) would force us to spend ourselves into destruction. We seem to be doing everything in our power to make that prophecy come true.

Some day we shall face a day of reckoning. It may not come today, it may not come tomorrow — but some day it will come. It is doubtful that we shall know what that day is — until it has passed and is then too late.

Our present debt of approximately \$330 billion is a debt the like of which no nation on the face of the earth has ever known. It is doubtful if any of us has any conception of how much \$330 billion actually is.

One of the main planks on which the present administration ran for election during the 1964 campaign was the "property plan." Several times during that campaign, President Johnson said that the last four years (the first three under Kennedy and the last one under Johnson) had been the most prosperous four years in our history.

Let's look at that a minute. During each of those four years our national budget ran a deficit, the combined total amounting to \$24.9 billion.

What sort of prosperity was that? It seems to me there is something faulty in the reasoning that can say those four years were the most prosperous four years in our history — at the same time we had the highest four-year peacetime deficit in our history.

We have had a deficit for the last four years since then, the combined total deficit for the eight years, including estimates, amounting to \$48.4 billion.

It has gotten so now that no one is willing to predict when we shall ever have a balanced budget again. In our own time, we have an excellent example of what happens to a nation that follows a course like this. For 38 of the 44 years before DeGaulle came to power in France, that nation also ran a deficit in its national budget. It is generally agreed that France would have been completely bankrupt within six months if DeGaulle had not taken over, and DeGaulle, it can be remembered, demanded — and got — for himself virtual dictatorial powers. While we may not agree with many things DeGaulle has done, we do have to admit that he has placed France on a sound financial footing again.

Is this what we want — a president who is a virtual dictator? It may be what we get — whether we want it or not. And it may be, too, that we shall be lucky to get as good a dictator for this country as France got for herself. This nation is not France by any means, but we are following virtually the same path France trod — and unless we change our direction, the result will be the same.

We can't blame all this debt and all this spending on the President by any means. The President couldn't spend the money if Congress didn't appropriate it. And if we sent the right kind of man to Congress they wouldn't appropriate money we haven't got — LIKE THEY'DONE FOR 32 OF THE PAST 44 YEARS. Hopefully, we don't have that kind of Congress this year. Time will tell.

Uncle Dan From Doolie Says:

Dear Mister Editor:

As I have took note one or twice before in this little piece, farmers and ranchers has to get their Federal income tax report in by February 15, two months before you city folks do your putting and taking for the Great White Father in Washington.

Bug Hookum has always claimed this was on account of the ben scratching they git from us rural folks won't live in them Government computers and they has to check the forms by hand. I recollect 25 years ago when a farmer could keep a few fingers wrote down on the hen house door and come up with a priority number. But these days a farmer has to use what they call Schedule F and it would take a college professor to understand what they was talking about. For instance, the one I'm working on now says "Social income is subject to the Federal Security self-employment tax. See page 2 of Schedule F. Form 1040. If you filed Form 4029, application for exemption from tax on self-employment income, claim of refund, and waiver of benefits, do not file Schedule F-1 and write Exempt — 4029 to the left of the entry space on the self-employment tax line and carry to page 1, Form 1040."

A feller, Mister Editor, that spent most of his life talking mule language ain't got no idea what this is all about. The fellers at the country

store Saturday night was holding their annual session on this national disaster and was reporting on how they was getting along with the situation.

Zake Grubb told the fellers he tried to make a deal with his preacher that if the good Parson would fill in Schedule F for him he would fill in for the preacher a couple of Sundays in the pulpit. He reported the Parson turned him down cold, claimed he could solve the mysteries of the Bible and life in the hereafter but he couldn't git the hang of Schedule F. Furthermore, he allowed, a couple sermons by Zake and the collection plate would start coming back empty.

Ed Doolittle reported the first time he worked out the report the Government owed him \$42.28 and the second time, when he subtracted line 7 from line 3 and entered it on page 2, Part II, line 8 like they said, he owned the Government \$86.10. He said he aimed to git the difference and git his check in the mail and if they didn't like it he would just write that Jersey feller he's got and ship her collect to the LBJ Ranch.

I figger, Mister Editor, DeGaulle made a mistake working it twice. Now he'll never know for shore if he was short or long. He's like a feller carrying two watches, he ain't shore which one is right, so he never knows the correct time.

Yours truly,  
Uncle Dan

## An Open Letter

Dear Editor:

Recently, Mr. Irving Dawkins, representative of the United Farm Workers Organization, has taken considerable task upon himself of severely criticizing, name calling and threatening to picket one certain store in Belle Glade.

Mr. Dawkins, you have said two things: number 1, our buildings are in poor shape; number 2, our rent is too high.

Let's look at number 1: Our buildings are of modern C.B.S. construction — being built between 1957 and 1960. The rooms, apartments and units of these buildings are always maintained in good shape. We provide playground equipment and play area for the children.

Mr. Dawkins, we are proud of our building. We invite inspection of ANY of our buildings by ANY interested parties at ANY time.

Complaint number 2: You said that our rent is too high. We charge \$9.00 weekly for a room. Included in this \$9.00 are electricity, water, garbage

collection and sewage. There is NO additional charge for appliances. For an apartment with one bedroom, a private bath, kitchen and living room, we charge \$13.50 and \$14.50 a week; there is NO charge for water, garbage collection or sewage.

We openly invite comparison of our property with property in Belle Glade, Palm Beach County or in the state of Florida, that has cheaper rent, giving the same value in modern rooms or apartments.

We do not criticize your organization or its goals. However, we do wonder if you really care for the best interests of the people and their living conditions. Or, Mr. Dawkins, would you possibly be using the people as stepping stones for your personal status and gain? Mr. Dawkins, if you try to use untruths, you are only hurting the people's efforts and chances for a better way of life.

Respectfully,  
Roy Roy

By Russell Kay

Thank goodness the arts and crafts have a Florida champion.

In an age when technical advances, big business and the space industry are rapidly exploding on the state scene, we'd begun to wonder if perhaps culture, per se, was on the wane.

True, Miami's Coconut Grove area has its spectacular art shows as do communities like Tampa, St. Petersburg, St. Augustine, Palm Beach and Key West. However, a few of the more artistically inclined.

But we wondered, has Florida yet attained the major legacies of art, to so speak... or are our best seats still standing in sidewalk shambles?

We found our answer behind the stately green facade of Trobly Galleries of Palm Beach recently where a middle-aged gentleman with a soft spoken presence has succeeded in capturing Florida's art scene to great zeniths in the art world in the past 21 years.

Those two decades have actually whetted the gusto with which Milton E. Freshman, commissaire par excellence, continues to attract the life's work to the arts and crafts.

"They are an indispensable part of the human experience," he says. "They are something each of us should strive to cultivate in ourselves and others, especially in these modern times when man's ability to create appears... but isn't it greater than his ability to destroy."

After the Freshman family acquired the gallery in 1949 they have handled collections of many celebrated and national figures including that of Robert Ripley of "Believe It Or Not" fame, Florida's pioneer tycoon, the colorful Henry M. Flagler, its collection was found in an attic of the original Whitehall mansion in Palm Beach, the famed Russell family estate from Miami Beach, the Greek shipping magnate, Stavros Niarchos and the Haft Vah collection.

The list of Trobly patrons is as voluminous as the professional knowledge and experience represented by Freshman, his officers and staff of 12.

With the capable help of his son, Robert Freshman, Trobly

by vice president, and non-living, Richard J. Ramus, secretary-treasurer. The Freshman has traveled the world viewing and acquiring famed art properties. The three principals have like wise received expert comment to patrons a long globe.

Back to our original question, is culture on the wane? Says Freshman: "Why, certainly not! The arts and crafts in Florida are explicitly doing as our abundant sunshine."

Florida has attained international acclaim for its arts and crafts.

"I REMEMBER" BY THE OLD TIMER

From Joseph Hinkins, Chicago, I remember the sound of hammer blows prior to the start of the automobile, then coming from the factory. The beginning of the do-it-yourself movement.

Few road signs were in those days. They were put up by farmers. They didn't have a speedometer, nor were they always accurate as those of today were the best.

Some police departments painted their squad cars with the words "Police" and "Traffic". The drivers, as those of today, were the best.

In Chicago, the 3-wheeled truck and its appearance, it did not last very long. It had a single front wheel followed by two in the rear. The Willert Company was the owner of one of these trucks.

Travel is today not the tiring experience of years past. You can get across the country or country wide on a train or bus that will speed you to your destination while providing rest, if not all, of the comforts of home.

Yes, one thing holds true. Travel still tends to remind one of the greatest gifts, the magic scenery of far away places cannot drive away the thoughts of home.

## Christian Scientist Lecturer To Speak Here Monday Night

"The Key to the Mystery of Creation" will be the subject of a one-hour public lecture here on Monday, Feb. 6th by Thomas A. McClain, C. S. B., of The Christian Science Board of Lectureship.

The lecture will explore the underlying spiritual nature of the universe as a creation of God, and how it affects everyday life, including spiritual healing. It's being sponsored by First Church of Christ, Science, Belle Glade and will be given at 8 P. M., in the church

edifice, S. E. Ave. E and 1st Street.

Mr. McClain was formerly on the advertising sales staff of the Louisville Courier Journal and Times in his native Kentucky. After military service during World War II, he became a Christian Science Minister at Fort Knox, and soon began devoting full time to healing practice. He has participated in a number of Christian Science radio and television programs, and currently resides in Chicago.

## Missionary Tells Of Experiences

Miss Marion Wilcox, who for 29 years served as a Presbyterian missionary in China and since 1952 has been a missionary to mountain tribesmen on Taiwan, captivated her audience at the Everglades Presbyterian Church as she recounted some of her experiences as a missionary under the sponsorship of the Board of World Missions of the Presbyterian Church, U. S. Miss Wilcox, is currently on furlough from her mission work and will return to Taiwan after filling speaking dates in churches throughout the area served by the Presbyterian Church, U. S.

In addition to telling of her work, Miss Wilcox showed a series of color slides which depicted the work in which she is engaged. Some of her most exciting and interesting comments concerned her present work with mountain tribesmen until very recent years were headhunting.

Miss Wilcox is a graduate of Queen's College of Charlotte, N. C. and of Biblical Seminary of New York, N. Y. She teaches at the Presbyterian Bible School near Hsienlin in Taiwan.

The program at the local Presbyterian Church was sponsored by the Women of the Church and the meeting was moderated by Mrs. Richard Murray, chairman of the committee on Ecumenical Mission and Relations.

The Bible is God's word and gives us the promises for the end of our journey as well as the beginning. At the end of our journey it is the only book to which man can turn for confidence as he faces the parting of the evil between the two streets.

## Rev. Ruttrell To Speak At Community Methodist Church

A whole week of evangelistic services entitled "Venture in Faith" will be conducted at Community Methodist Church, beginning Sunday, Feb. 5, at 11:00 a. m., and continuing through Feb. 10, with the Rev. E. B. Ruttrell as guest minister.

The morning devotional will be held at 10 a. m. Monday through Friday in the Chapel and evening evangelistic services will be each evening at 7:30 Sunday through Friday.

Rev. Ruttrell is a native Virginian attended Shenandoah College, Dayton, Virginia and the University of Virginia. Before becoming a pastor, he was a life insurance salesman and later a realtor in Orlando and Lake City, during World War II, he was regional director of Flying Cadet Training Corps, a division of Airport Ground Schools, located in California.

During his first few years in Lake City, he was church layleader at Lake City First Methodist Church. He did theological work at theandler School of Theology, Emory University.

Mrs. L. C. Butler of 52 Osceola Center, entered Glades General Hospital last Thursday, to have minor surgery on her foot and is expected to be home soon.

## Baptist Revival Well Attended

The revival, which began January 29 at the First Baptist Church will continue through Sunday, Feb. 5. An excellent attendance has been reported with Dr. C. Roy Angell of Miami, Florida bringing the inspirational messages each morning at 10 o'clock except Saturday) and at the evening service at 7:30, and Carlos Gruber of Nacogdoches, Texas playing his pre-service violin-Meditations each evening at seven o'clock.

Ten-time is being held each morning at 7:15 with Mr. Gruber playing his violin. Tuesday morning there were 30 present. On Friday morning, he will give the highlights from his own life story in his native country Latvia. A story time for Juniors is held previous to the night meeting song service.

Dr. Angell since retiring as pastor of the Central Baptist Church, Miami in 1962 has given much of his time to revivals. For many years he has been in demand as speaker at conferences, conventions and etc. He has served as president of the Florida Baptist Convention, Vice President Southern Baptist convention and as a member of the foreign mission board. Several of his books are among the best known, especially among ministers.

Mrs. Gruber a musician and evangelist with about 25 revivals each year has made several tours for the Florida Mission Board, and is well versed in international affairs. He is deeply spiritual and truly "A Man of God."

Anyone wishing to attend the services are cordially invited to hear these outstanding men.

Rev. Ruttrell is presently pastor of the Methodist church in Reddick, Fla. He is in addition to his church activities, in much demand as a speaker in community meetings. Rev. W. R. Boland, local minister, cordially invites everyone to attend any, and all of the services.

## Annual Missionary Convention At Alliance Church Feb. 6-12

REV. NATHAN TYLER  
Rev. George Dockter, missionary to Ecuador, South America and Rev. Nathan Tyler and Mrs. Tyler, missionaries to the Congo, Africa will be speakers at the Annual Missionary convention at Christian Missionary Alliance Church located at 225 S. E. 5th St., N., from Monday, Feb. 6 through Sunday, Feb. 12. The meetings will be held nightly at 7:30 p. m.

REV. GEORGE DOCKTER  
field and show pictures.

Rev. and Mrs. Tyler went to the Congo in 1936 and completed five terms of service as missionaries under the Christian and Missionary Alliance. They have engaged in practically every phase of Missionary work, including evangelism, Bible conferences, teaching in Bible preparatory and normal schools, and itineration among the town's people. Mr. Tyler acted in the capacity of field chairman and as a director of LECO, a union press and bookstore enterprise since its inception in 1945. Because of appeals from some of the chiefs for missionaries to live among them a mission was established at Sumbi to serve this neglected corner of the field. It was a period of over five years before final arrangements were finally completed in 1960. The Tylers have come home from the field having witnessed the rise of the Nationalistic spirit which swept the Congo to Independence. They will tell of their experiences and show pictures.

The pastor, Rev. John W. Shaw and the congregation cordially invites you to come out and hear these missionaries give.

—Coleridge

Rev. Dockter, who served for five years as pastor in Western Pennsylvania, was appointed with his wife in 1944 for missionary work in Ecuador, S. A. under the Alliance Church. They have just completed four terms of service, the greater number of years having been spent working among the Spanish-speaking people with three years living among the Salasaca Indians a primitive tribe near the mountain city of Ambato. Their last term of service was in the province of El Oro (the gold) where there are groups of believers in five different towns.

The Dockters have three children, who were born in Ecuador, the oldest Martha lives there and Tim and Paul live with their parents for this year of furlough and attend school in Mansfield, Ohio.

Mr. Dockters will be telling of his experience on the

## Methodist SS Class To Host Youth Group

The 12th grade Sunday School Class of Community Methodist Church will host this weekend to three boys and three girls, working as a youth team, "Witnessing for Christ" from Ft. Lauderdale.

The youth team is headed by King Lloyd, president of the MYF of the Park Temple Methodist Church. The youth group will arrive Saturday afternoon at 4 o'clock and will be entertained at a cookout at the home of Mr. and Mrs. Charles Leonard that evening. Carolyn Leonard was instrumental in having the group here.

On Sunday a. m. they will have breakfast in Jamison Hall and during the Sunday School hour will speak "Witnessing for Christ" to the combined 9th, 10th, 11th and 12th grade Sunday school classes.

Mr. and Mrs. S. K. Smith, Jr., are the teachers for the 12th grade Sunday School class acting as host class.

The visitors will be staying in various homes Saturday night and will be guests at Sunday dinner of some of the give it to a busy man. He'll members, and plan to leave in have his secretary do the job the early afternoon.

## De Interes En Los Glades

La feria del condado de Palm Beach, al que pertenece Belle Glade, el South Florida Fair & Exposition, siempre queda grandiosa, con todas las posiciones. Y Belle Glade tiene expuesto los vegetales invernáculos que se cosechan aquí, como también muestras de azúcar de caña y sus productos. Además de todas clases de exhibiciones y competiciones en el schedule para estos próximos días tienen:

Dos prisioneros que escaparon la pasada semana del Glades Correctional Institution, después de dar varias vueltas por toda la parte residencial del northwest de Belle Glade, manejando un camion pickup, entraron al campus del junior y senior high schools.

La policía no disparó evitando dañar a algún estudiante, o evitando que los dos fugitivos fueran a entrar en algún aula, tomando a alguno de los estudiantes como rehén.

En las calles mas adelante, fueron capturados, sin ninguna lucha.

**Internacional**  
NEW YORK — El pasado jueves se dio la primera alerta en el área de esta gran metrópolis, iniciando campaña contra la contaminación del aire. Los oficiales pedían que redujeran el uso de calefacción, incineradores y autos, para evitar el peligro de air-pollution.

El pasado mes de Noviembre se registró el nivel más alto de aire contaminado en la historia de la ciudad, por la alta concentración de dióxido de sulfuro en el aire.

## Is Our School Dying?

It was a morbid day at the assembly. There was a dark, mental cloud hovering over the assembly. On the stage for the first time in the history of the school was a coffin. As the orator concluded the elegy, the entire student body viewed the coffin. Each had a shocked, pale face as he left the room, for in the coffin was a mirror. Yes, the orator had made the point. The school was dying. Due to the lack of privileges, and interest in school activities, the school was dying.

To have the desire to strive for improvement or perfection, the aspirant must have a goal or reward in sight. By depriving a student of his rights and privileges one simultaneously deprives him of any interest in the school; therefore, all his drive and ambition is lost. When this has been lost, the school begins to degenerate and loses any meaning other than being a place to learn, and a place to be bored and ruled; thus, creating an unhealthy and poor learning atmosphere.

I personally have many suggestions for improving the situation, as I am sure others do. First, the student council should have a small room of its own from which to operate; it should have a LOCKED suggestion box with only the officers having a key.

The student should have more power in his school government. The idea of a democracy—similar to the one in the United States—should be instilled in the student by direct contact and experience. When election time comes around, the student council should publish a paper giving the qualifications and ideas of each candidate.

Other less important privileges should be granted, especially for seniors. Examples are senior grub day, senior skip day. Juniors should have the right to leave during lunch, an alternative would be for the student council to provide hot dogs, hamburgers, and prepared sandwiches in a cold lunch line.

The student body definitely should fight for privileges. Help bring our school BACK TO LIFE!!!!

## Teacher Of The Week:

### Miss Hardee

One of the few native Floridian teachers at BGHS is Miss Edna Vita Hardee. Miss Hardee was born at Chiefland. She attended elementary and part of high school in Trenton, but then moved to Gainesville High School during her senior year. Attending the University of Florida, she has received her bachelors and masters in education, majoring in English and social studies and minoring in math. She now has

received her masters in the field of math.

Miss Hardee's hobbies are knitting, playing bridge and watching good television programs and movies. Reading and participating in her church's activities are among her main interests.

Miss Hardee loves to travel and has been to Nassau and all over the U. S., mostly on the Eastern seaboard. Canada is her aim for this summer.

## Students Of The Week:

Pat Bowen

Connie Vancamp

Patrick Michael Bowen, better known as "Pat," was chosen senior of the week for his outstanding activities and grades. He is a member of the Interact, Student Council, and Beta Club. He has been a member of Interact for two years, and this year he is secretary and student council representative for this club. He has been on the football team since his sophomore year. Also he is on the baseball team. He does not participate in any other school sport, however, he enjoys basketball and swimming. Pat had the honor of being "boy stater" during his junior year.

After graduating from BGHS he plans to attend Florida State University, and major in medicine. He has a brother, Larry, who attends St. Lee College, and one sister, Jill, who is a junior here.

His favorite past time is listening to records by the Rolling Stones. Blue is his favorite color and he drives a blue and white '55 Chevy, though he prefers a Corvette. His favorite class is Science Research with Mrs. Wejbe.

Pat's only gripe is "girls that lie."

Surely you've seen her! She comes bouncing down the hall with a friendly "Hi, there!" for everyone in sight. Or, if she's driving her blue Tempest (listening to her favorite song, "Say Good-Bye") she's sure to wave or honk.

This friendly senior girl is Connie Vancamp or Con as most of us know her. She's been very busy this year as President of FHA, President of Teen Town, Vice President of Pep Club, Secretary of senior class, and sewing in her spare time.

As you can guess she spends her time trying to catch up on all the work she's set aside, and her pet peeve is too much work to do in too little time.

Connie was born in Batavia, New York, and moved to Belle Glade before she started kindergarten. She lives in Belle Glade with her mother and father, Mr. and Mrs. Ernest Sayre, and her sister, Cindy.

Connie plans to study her favorite subject, home economics, at college.

## B and P Woman's Club Members Host High School Students

Eight Clerical Office Practice students visited the offices and worked with members of the Business and Professional Women's Club on Monday, Jan. 23.

Glenda Shirley worked at the Florida First National Bank taking care of the weekend deposits with Mrs. Mary Frances Hart.

At the Post Office, Linda Motes witnessed various mailing duties being performed. She even rode on a mail truck. Mrs. Nash was in charge of her visit.

Visiting with Mrs. Whalley at Raulerson Office Supplies was Linda Richey. She did bookkeeping.

Linda Goff and Linda Steele worked with Mrs. Taylor and Mrs. Tittsworth at the Federal Savings and Loan.

Mary Byers enjoyed the day working with Mrs. Creech at Creech's Florist. She and Mrs. Creech went to West Palm Beach to buy flowers and ended their day by going to the movies.

Anita Cardin visited with Miss Pat Webster at the Post-Times office. She was shown the filing of stories and negatives that are used in the paper.

At the end of the year another trip of the same type may be planned for the class, with the hope of more of the class participating.

## Molina Chosen S.T.A.R. Student

Henry Molina, a senior, has been chosen by the Belle Glade Chamber of Commerce as the Student-Teacher Achievement Recognition student from BGHS.

The S.T.A.R. Program is set up to recognize an outstanding student and the teacher he feels has helped him the most. Henry and his S.T.A.R. teacher will be guests at a county-wide meeting of S.T.A.R. pupils. Following this, he will be eligible for district and state S.T.A.R. student honors.

Henry was chosen for his exceptional grades on the Senior Placement Test, and the College Entrance Examination. Henry is a member of the Library and Beta clubs and has been manager for the football team. He plans to go out for the track team again. Last year he threw the shot put.

If Henry should win the honor of being state S.T.A.R. student, he will receive a \$500 scholarship and a Latin American tour. In addition to this he and all District winners will travel around Florida and see the scenic, industrial, historical, and educational areas of the state. From the Chamber of Commerce he will receive a Lamp of Learning Trophy.

Henry has not yet selected a teacher to share the S.T.A.R. honors.

## Film Highlights Safety Assembly

Safety was the topic for an assembly sponsored by the Champion Spark Plug Co., for the students of BGHS.

Coach Bill Burke, Driver's Education instructor, introduced the distinguished visitors, Clay Wenger, representing the Champion Spark Plug Co., Sgt. Bill Halcomb from the Florida Highway Patrol, and Indianapolis Speedway driver Bill Cheesburg were presented to the student body.

After a short introductory talk by Mr. Cheesburg, a film was shown illustrating how race drivers count on safety and courtesy from their fellow drivers while racing their automobiles. The film, "The Champion's Fay," showed scenes of the Indianapolis 500, Pikes

Peak Roadhill Climb, and Daytona Beach 500 races in action.

Illustrated in the film were the three main rules of conduct for raceway drivers and highway drivers alike. These rules are (1) to always be courteous, (2) to stay mentally alert, and (3) to keep the car in tip-top condition.

Mr. Cheesburg then told some of his experiences on and off the race track. He has raced for 18 years and has spent a total of 40 hours in the hospital from accidents occurred on the race track.

Mr. Cheesburg stressed the three conduct rules throughout his speech and tried to impress upon the students the importance of keeping these rules.

## Kampus Highlights

Allen University really did a wonderful job. What's happening to our Girls Basketball Team.

Semester breaks are what's happening, don't you think that we should have more of them? Yearbooks are important! Aren't they Seniors?

There have been complaints heard about the paper. If you would like to write news of any organization or club we will be more than glad to receive it.

George Washington cut down the Cherry Tree and

told that he did it. We aren't asking you to tell that you did it, but we just want you to give the Tree presented to Mr. McCurdy and the school a chance to grow.

Seniors are reminded of their ads for the Yearbook. Let's try to get as many as we can.

We aren't going to need janitors, instead we are going to have full time student-janitors. Everyone had better buy an alarm clock.

I hear that the dramatics club has come to life.

Notice  
how many new cars  
look like old Pontiacs?

## What'll they copy next year?

Other carmakers have already tried to copy our plit grille, our stacked headlights, even Wide-rack. Of course, they haven't learned how to do them together right. Which is probably why people are buying 1967 Pontiacs even faster than they bought 1966 Pontiacs. And 1966 was, our best year ever.

It seems that a lot of people don't want to wait around for innovations like our disappearing windshield wipers (articulated wide-sweep wipers—the kind you still get only on Pontiacs). And for imaginative options like our exclusive hood-mounted tach.

People like the idea that powerful 400 cu. in. V-8s are standard on all the big Pontiacs this year. And that nobody has even come close to the regular-gas 165-hp Overhead Cam Six that powers our Tempest series.

And people like knowing that all Pontiacs and Tempests come with the complete General Motors safety package.

Of course, somebody else may come up with a pretty good imitation of a 1967 Pontiac, in a year or two. But why wait? Your Pontiac dealer has the real thing right now.

## MEN IN SERVICE

## CRITTENDEN

Army Private Melton Crittenden Jr., 18, son of Mr. and Mrs. Melton Crittenden, 409 S. W. Ave. F., completed eight weeks of advanced infantry training Jan. 27 at Ft. Ord, Calif.

He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher.

## CARWISE

**EDWARD R. CARWISE**  
U. S. Air Force First Lieutenant Edward R. Carwise, son of Mr. and Mrs. Delphus Carwise Sr. of Oviedo, Fla., has been decorated with the U. S. Air Force Commendation Medal.

Lieutenant Carwise was presented the medal at Wright-Patterson AFB, Ohio, where he is a student at the Air Force Institute of Technology (AFIT).

His wife, Thelma, is the daughter of Mrs. Carrie L. Colbert of 540 S. W. Eighth St., Belle Glade. The lieutenant received the award for meritorious service as chief of maintenance for a communications squadron at Turner AFB, Ga. He was specifically cited for identifying problem areas in the field of communications maintenance, and in solving these problems to achieve a very high "in-commission" rate.

Lieutenant Carwise has entered a one-year curriculum leading to an M. S. degree in logistics management. The program is conducted by AFIT as part of the Air University's professional education system.

## WHITAKER

**DANNY WHITAKER**  
Danny Whitaker, son of the R. T. Whitaker of 1778 Bacom Point Rd., Pahokee, has returned to Air Force technical school in Sumpter, South Carolina where he is attached to the Technical Air Command.

He graduated from the Technical School at America Air Force Base on December 22 after which he was on home leave until returning to the service on Jan. 11.

## HALL

Captain Sherwood W. Hall, son of Mr. and Mrs. Henry R. Hall of 236 E. Arcade, Clewiston, Fla., has arrived for duty at Cannon AFB, N. M. Captain Hall, an F-100 Super Sabre jet instructor, previously served at a forward U. S. Air Force combat base in Southeast Asia. He is a member of the Tactical Air Command which provides combat reconnaissance, aerial firepower and assault airlift for U. S. Army forces.

The captain, a 1945 graduate of Clewiston High School, received an A. A. degree in forestry in 1950 from the University of Florida. He was commissioned through the aviation cadet program.

## LANGFORD

Major Clarence E. Langford, whose mother, Mrs. Evie L. Keen, lives in Canal Point, Fla. has completed the U. S. Air Force Weapons Employment Planning course at Maxwell AFB, Ala.

The course offered by the Air University Warfare System School provides officers and selected Department of Defense civilian employees with the fundamentals of weapons systems, analysis techniques and targeting methods needed to plan the use of air weapons systems.

Major Langford, an air operations officer, is permanently assigned to the Northern North American Air Defense Command (NORAD) Region at North Bay, Ontario. NORAD is the U. S.-Canadian Air Defense system, responsible for detection, identification and interception of either unidentified or hostile aerospace forces in defense of the North American continent.

The major, a graduate of Pahokee (Fla.) High School, was commissioned in 1953 through the aviation cadet program.

His wife, Patty, is the daughter of Mr. and Mrs. M. D. Geiger of Canal Point.

Florida's cattlemen produce only 20 per cent of the quality beef consumed in the state.

LITTLE MISS WILLING WORKER title was won by Virgin Butler (center) in the annual contest presented by the Willing Workers Club. Second place winner was Carolyn Tullman, left of winner, and third place winner to the right, Johanna Rutledge. Other contestants were L. R. Bridgette Pierce and Jessica Hanford, right.

## Wrestling To Be Held At Armory

Two referees will be on hand Friday night to handle a return grudge match between the team of Jose Lothario and Wahoo McDaniel against the team of Duke Koomaka and Taki Yamaguchi. Last week's match was won by The Japanese team, which, said wrestling manager Pat O'Hara, used foul tactics to win the match.

Also on the bill will be a match between the midget wrestlers Lord Littlebrook, 91 pounds, 41 inches tall and the Masked Midget, Little Evil, 92 pounds, 43 inches tall. Sputnik Monroe will meet Bronco Kelly.

**CANINE ROCKET** — Florida has produced not only champion racing horses, but also champion racing dogs. Miss Whirl, a light-weight, brindle greyhound bred in Longwood by Ralph Ryan, has been the most outstanding money winner in the history of dog racing. Kennel and raced by Larry Hughes, her earnings in early 1966 totaled \$83,000.

## Virgin Butler Is Crowned Little Miss Willing Worker

Little Virgin Butler, winner of the first prize in the Little Miss Willing Workers Annual Contest held at St. John Baptist Church was sponsored by Mrs. Ivy Briggs. Second place winner Carolyn L. Tullman, is the daughter of Mr. and Mrs. Willie J. Tullman and third place winner, Johanna Rutledge, is the daughter of Mr. and Mrs. Johnnie Rutledge.

The title winner was crowned by Mrs. C. Shrug.

The two other contestants participating were Bridgette L. Pierce, daughter of Mr. and Mrs. Isaac Pierce and Jessica

Hanford, daughter of Mrs. Albertina Hanford. The members of the Willing Workers Club, wish to thank all the persons who shared in anyway in making the evening an enjoyable one. The contest was held following the service at St. John Baptist church, with Rev. J. B. Adams, pastor, bringing the message. Rev. Adams said "the services were inspirational through out the day, and we appreciate the presence of all our visitors. A cordial invitation is extended to them at all times."

## THE FISHING REPORT

Wind and unusually cold weather hindered fishing in the Belle Glade area of Lake Okechobee over the weekend. Only a few fishermen were brave enough to venture out into the rough water. However, several of them reported nice catches of specks, though they were hard to find, and the wind made fishing difficult.

Most of the specks caught came from the second inlet into the lake, and the Lake Harbor Channel. These fish were caught on both line and artificial bait.

Mr. Pelton Morris of Belle Glade had 50 specks on Saturday morning.

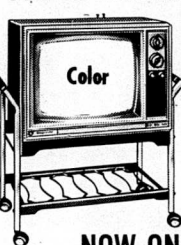

Mr. Moody and his party from Ft. Lauderdale had 123 on Saturday morning. Several other fishermen had nice strings, but Mr. Morris's was the only limit catch of the weekend.

Bass fishing was awfully slow over the weekend. Only a few fishermen reported catches of bass.

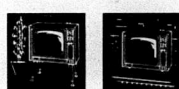

Mr. and Mrs. Lewis Nuss of West Palm Beach had six on Saturday morning. Weather conditions are expected to clear up in the next few days, and better fishing is anticipated for this weekend.

### South Bay News & Notes

W. C. (Pappy) Allen is still confined to his bed at Good Samaritan Hospital and would appreciate very much a card or letter from his friends.

Dorinda McLean and her fiancée, Chester Lambden, were the Sunday dinner guests of Mr. and Mrs. Jerry D. Smith of Belle Glade.

Billy Goodson and Linda Strickland accompanied Miss Strickland's grandmother, Mrs. Hattie Strickland, back to her home in Hollywood, Florida after a three weeks vacation in South Bay.

Mr. and Mrs. James Hubbard of South Bay had as their weekend guests Mrs. Hubbard's niece Mrs. Bobby Seiser and her husband and children, Ronnie and Nancy.

Mrs. Blanche Kelsoe had as her weekend guests, her mother, Mrs. Jessie Holton of Norman Park, Georgia and her brother and his wife, Mr. and Mrs. Jack Holton and daughter Ann of Miami, Florida.

Neil Walker has returned to his studies at the University of Florida after spending the weekend with his mother, Mrs. Lucille Walker of Clewiston and his brother, Mr. Byron Walker of South Bay.

Michael Shiver spent the weekend with his parents, Mr. and Mrs. D. L. Shiver of South Bay. Michael is currently attending A. B. A. C. College in Georgia.

Mr. and Mrs. L. (Red) Strickland had as their guest Mrs. Hattie Strickland of Hollywood. She has been visiting with the past few weeks.

### LPN Training Available Soon

A new practical nursing class is scheduled to begin in February.

Applications are now being taken at the Palm Beach County Vocational School, 810 Gardenia Street.

Admission requirements require completion of the 10th grade or its equivalent and between 17 and 30 years of age. There is no tuition fee. However, there is a small registration fee and students must purchase their books and uniforms. It is urgent that applications are received early.

A certificate is awarded upon satisfactory completion of the course and graduates are eligible to take the licensing examination given by the Florida State Board of Nursing. The program is accredited by the Florida State Board of Nursing and by the Florida State Board for Vocational Education.

The course is 1400 hours or one year in length in which qualified applicants have an opportunity to learn the knowledge and skill required of a competent practical nurse. Classes are conducted in cooperation with St. Mary's Hospital where clinical hospital experience is acquired.

This class is the result of the cooperation of the Board of Public Instruction and St. Mary's Hospital to meet the urgent need of well prepared practical nurses.

Trained practical nurses are in demand for employment in hospitals, nursing or private homes, doctors offices and other health agencies. Men are being trained and employed in increasing numbers.

National occupational indications are that 15,000 workers will be needed annually. These needs are due to the increase of elderly people and a public awareness in maintaining good health.

**\$600,000 Bonds Ordered Retired**  
In a fast moving series of actions, Orlando businessman Charles W. Rex, Jr., has used his newly acquired chairmanship of the Turnpike Authority to streamline the agency and, in his words, "make it a 100% business organization."

Rex today announced he had trimmed the Authority's proposed annual budgets for 1967 and 1968 by \$302,000, eliminated 17 job positions and, with the resulting savings, had ordered the retirement of \$600,000 in outstanding turnpike bonds.

"According to Rex, the bond retirement move will result in an additional annual interest savings of \$28,500 for a total savings of \$313,500.

The \$600,000 used to buy up bonds now puts the Authority over eleven years ahead of its bond retirement program, according to Rex.
